June 22, 2026

Dear Families,

I want to thank you for the consistent effort you put forth this school year. Your child has worked so hard and maintaining the skills he/she has acquired is extremely important. On the Garfield School District website and individual school websites you will find the required reading assignments for the upcoming school year. This should be done throughout the summer to make reading a part of your daily routine.

To foster a love of reading, students should choose books of high interest to them. Online platforms, the local library, and bookstores can assist you in finding the books necessary to meet the reading requirements. Also included is an optional summer reading bingo board to help support consistent reading during the summer!

In addition to the summer reading assignments, Dr. Tomko is thrilled to launch the **1st Annual Superintendent's Reading Challenge** for students entering grades 2–8! Students who complete this summer packet will earn credit toward the Superintendent's Challenge while enjoying an exciting opportunity to stay engaged, inspired, and motivated all summer long. It's a fun and rewarding way to encourage reading at home, spark imagination, and celebrate a love of learning beyond the classroom! Stay tuned!

Upon returning to school, students will hand in their completed activities to their teacher. The elementary schools will each recognize those students for their extra hard work and dedication to reading by bestowing upon them a reward for their participation in the program as well as giving credit towards their reading grade.

All information can be accessed on www.gboe.org by clicking on the summer reading link. Forms for assignments can be recreated by photocopying, downloading off the school website, using a word document, or handwriting it on a separate piece of paper.

Once again, thank you for your continuous involvement in your child's education.

Sincerely,

Dawn Rotio
